3. The league will not be registered with the NRA, but will be run in accordance with NRA rules. Team Captains will be responsible for ensuring their team members are familiar with their weapons and are safety conscious. Irresponsible shooters will be removed from the line by the Range Officer or anyone observing a safety violation, particularly unsafe gun handling.

4. Team rosters will be submitted and verified by team captains prior to the start of competition. Team members need not be members of the NRA nor the club.

5. Each team's weekly score will consist of the total score of the four highest individual scores fired for that team during the week. Each week the team with the highest team score will receive three points, the team with the second highest team score will receive two points and the team with the third highest team score will receive one point. At the end of the season the team with the most weekly points will be the league winner. Tie breaks will go to the team with the higher total aggregate of weekly team scores for the season and if needed X-count.

6. Tuesday evening and Wednesday noon are designated as match days. All firing for record must be done on those two days. Firing will begin no sooner than the scheduled time if the line is not full. If all shooters signed up for the relay are present and the line is full, the range officer has the discretion to begin the relay earlier than the scheduled time. Tuesday evening relays are 4:30, 5:30, 6:30, 7:30 and only if needed, but not scheduled a 8:30 PM. Wednesday relays are Noon and if necessary, 1:00 PM. If no shooters have claimed a firing point at the end of the three minute preparation period for the last relay the range officer may secure the range. Shooters must claim their firing point at the start of the three minute preparation period, or the position will be given to the next waiting shooter.

7. All pistols and ammunition will be supplied by the shooter and will conform to current NRA and club range safety rules. If there is a conflict, club rules will take precedence. Magnum velocity ammunition is not permitted on the NCRR range. Shooters need to print their name clearly on the top of the score sheet to facilitate identifying the shooter and they must remember to sign the score sheet.
8. The fee for each shooter who is a club member is \$30. The fee for non-club members is \$35. Team captains will collect the fees from their team members and turn them in to the treasurer.
9. The first score fired each week will be the score for record for that week. Any subsequent scores during that week are practice only. The penalty for substituting a second score will be a score of zero given for that shooter that week. At the discretion of league officials the shooter could be asked to leave the league with no refund. All shooters will leave the line at the end of their relay so the next relay can come to the line. People shooting for score will take precedence over people firing an additional relay for practice.
10. The NRA Rule book will be referenced in all disputes. If the rule book can not resolve the dispute, final judge in the dispute will be one of the elected league officials. If no official is present, the range officer shall make a judgement. Unresolved disputes will be referred to a protest committee consisting of the league president and team captains. A challenge fee of \$1.00 will be charged for all challenges, NRA rule 16.1 applies.
11. Team members must have fired in at least $\frac{1}{2}$ the matches to be eligible to receive any team awards.
12. There will be individual awards for the competitors with the highest league average and the highest average in each class. NRA rules will apply regarding the number of awards in each class. There will also be awards for the most improved shooter and for the new shooter with the highest average, a new shooter being someone who has not shot in organized bulls-eye competition before. Competitors must fire in at least $\frac{2}{3}$ of the matches to be eligible for an individual award. Exceptions to this $\frac{2}{3}$ rule will be considered for those whose work commitments, military or civilian, significantly inhibited their participation.
13. These bylaws were approved as detailed in paragraph (1), and will remain in effect during the entire league. Changes may be made only with the approval of a majority of the team captains and elected officials at a meeting called for that purpose.

Training sessions will be offered on September 18, and 25, at 7:00 pm and will be conducted by Bud Bonner and Gary Hoffman. All new shooters
