Normal Shooting Rotation (except for Garand matches)

Relays 1 & 2 – fire all stages; Relays 3 & 4 to the pits.

Pit change

Relays 3 & 4 – fire all stages; Relays 1 & 2 to the pits.

Relays 1 and 2 to help setup pits. Relays 3 and 4 to take down the pits.

NOTE: Relays will fire stages 1 and 2 before the next relay comes to the line to reduce time moving gear to and from the firing line.

These matches are intended to provide experienced and new shooters alike an opportunity to practice, train, and enjoy a full course of fire experience in a safe and controlled environment. Experienced shooters are strongly encouraged to provide coaching and support to new shooters (when it is appropriate to do so). Academi is our gracious host so all competitors will assist in range preparation and clean -up. Leave the range facility cleaner than what you found it. Respect the wildlife; there is plenty of wildlife on Academi property and will not be harmed. We are always looking for volunteers to help run the matches, if interested please let the Match Director or any range official know. “Pre -registration” is MANDATORY for all matches due to security at Academi. **You must pre -register by 1800 (6 PM) of the Monday prior to the match.** We must submit a roster to Academi for those attending. Spectators are encouraged to attend and learn more about high - power rifle competition but they also must pre -register and have their name on the access list. It doesn't cost anything to come and watch! For further information, please contact the Match Director, Bob Ryan at (757) 482-6531 or the Assistant Match Director, Phil Meng at (757) 328-4096 or Dusty Durstewitz does the access list. email us at [ncrrhipwr@gmail.com](mailto:ncrrhipwr@gmail.com) .

Directions to Academi:

## **From Norfolk International Airport :**

**GPS address: 850 Puddin Ridge Rd, Moyock, NC (gets you almost to the gate, just keep going down Puddin Ridge Rd till you get to the gate).**

•From the Airport, follow the signs to Interstate 64 East towards Chesapeake. Go 12 miles to Exit 291B onto Interstate 464 South toward VA 168 South (Battlefield Boulevard bypass). Continue South on VA 168 approximately 15 miles, through \$2.00 toll booth; cross into North Carolina (Border Station on your right)

•At the second traffic light after the one at the State Line, turn right on Puddin Ridge Road and follow it to the end. The dead-end of Puddin Ridge Road is the main gate to U.S. Training Center. Follow the signs to the lodge (3.8 miles)

(You can avoid the toll by taking the 2<sup>nd</sup> Hillcrest exit, pass the Home Depot and turn right onto Battlefield Blvd. Go about 5 miles and you will re-intersect with Rt 168, turn right and follow the directions as above. You have just bypassed the section of Rt 168 that has a toll.

At Academi:

To Range 19:

After receiving your gate pass, continue straight ahead. You will pass a small airplane runway on your right and you should see a driving track on your left behind a tree line and berm. Turn left just past the driving track onto Bear Rd. This is range 19, continue straight ahead to the respective yard line for check in.

To Range T-10:

After receiving gate pass, continue straight ahead. Pass the runway, pass the Driving track, pass range 19 (Bear Rd), the road will curve sharply to the left as you pass the lodge. Continue straight ahead, the road will turn to a gravel road. Continue straight ahead, when you come to an intersection where it looks like the main road curves right, go straight ahead, this is range T-10. Drive to the check in yard line (usually the 600 yard line).

You must always park aft of the 600 yard line (except for Garand and training matches where all are shot at 200 yards). You may drive to the 200 yard line to drop off equipment and then return to park aft of the 600 yard line. We have to limit the number of vehicles in the pits but if you feel you need to drive to the pits, please see me. We can allow approximately 4 cars in the pits but it is at your own risk (ricocheting bullets, dirt or stones can hit your car as it will not be as close to the berm wall as you will be. We will run a couple of pickup truck loads to the pits at each pit change for transportation.
